The Circulation of The Bulletin.

The Bulletin has the largest cirsulation of any paper in Eastern Connecticut, and from three to four times larger than that of any in Norwich. It is delivered to over 3,000 of the 4,053 houses in Norwich, and read by ninety-three per cent, of the people. In Windham it is delivered to over 900 houses, in Putnam and Danielson to over 1,100, and in all of these places it is considered the local daily.

Eastern Connecticut has fortynine towns, one hundred and sixtyfive post office districts and fortyone rural free delivery routes. The Bulletin is sold in every

town and on all of the R. F. D. routes in Eastern Connecticut.

"I am persuaded that the opportunity of the church in the field of what I may term civic and social evangelism is far more important and attractive than any offered in the field of ordinary revival work. Personally found more satisfaction in the speciacle of the purposeful visitation to the state house by hundreds of business and professional men at the charter hearings this week than I did in the spectacle of the mobs of restless and curious people who flocked to the Chapman meetings. The former was a more heartening sign of moral awak. ening. I wonder whether the ministers and the churches are quite awake to the possibilities of co-operating in the modern movement of civic and social advance and uplift-a cause which seems to me to be more inviting and promising than that of old-fashloned individualistic evangelism."

The professor's closing suggestion is certainly not without merit. Co-operation in work which permanently improves communal and social conditions in American gold will be necessary to may truly be regarded as God's work as well as man's.

Power to Resist

Infectious and contagious diseases depends most of all on the health and strength of the white blood corpuscles.

They are microscopic bodies whose important function is to destroy disease germs that invade the system through the air we breathe, the water we drink, the food we eat, and otherwise.

If you are pale, nervous, easily tired, with little or no appetite, or if you are troubled with any humor, your white blood corpuscles are not healthy and strong and you should begin taking Hood's Sarsaparilla at once.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Saraaparilla. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.
